departure programs

GERMANY

On the German exchange program you will experience the contrasts and contradictions that have helped produce this amazing nation.

Sport With a population of around 82 million, Germany has produced some of the world's most prominent sports people such as Boris Becker, Steffi Graf, Michael Schumacher and Dirk Nowitzki. Soccer is the national sport and the players, like Mesut Özil, are celebrated like heroes.

Arts & Culture Germany has a large arts following. From Nobel author Günther Grass to director Wolfgang Petersen, actress Franka Potente and Australian/German photographer, Helmut Newton, Germany's range of internationally recognised artists is huge.

Music Some of the world's leading composers and musicians were born in Germany including Bach, Beethoven, Schubert, Brahms, Schumann, Wagner, Bruckner and Schönberg. English language modern music is very popular but the new music market belongs to German speaking artists like Kraftwerk, Rammstein, Die Toten Hosen, and pop/rock bands Juli and Silbermond.

Fashion Germany is not all about Lederhosen! Some of the most influential fashion designers and models are from Germany. Karl Lagerfeld, Wolfgang and Jette Joop, Claudia Schiffer and Heidi Klum are just a few.

Since the unification of the East and West German states in 1989, when the Berlin Wall was brought down, Germany has become a harmonious, multicultural country, encouraged the growth of the Green Movement and in 2005 elected its first female Chancellor.

Soccer
Fairytales
Christmas Fairs
Castles

Germany is truly the centre of Europe. It has an excellent education system and German is the most common first language in Europe.
