On August departure programs to USA

NEW YORK

WEP Australia offers students who go on our August programs to the USA for one semester or an academic year the chance to explore this amazing city with new friends from Australia and Europe.

THE BEST NEWS OF ALL — the cost of the three-day mini tour is included in your program fee. We will fly you to NY and then on to your host family at the end of the tour.

Travelling in January instead? Unfortunately this offer is not available to you. But don't let that change your mind about being an exchange student in one of the world's most vibrant and exciting countries. The USA offer much more than NY — wonderful, warm and welcoming families, good quality schools, a wide range of extracurricular activities at school or in the local community, the chance to watch American football, basketball, baseball and a huge range of other sports and activities.

The USA program is also one of the few for which knowledge of a second language is not required so it is open to students aged 15–18 (not turning 19 on the program — check with WEP Australia).

Let some of that famous US enthusiasm rub off on you!

I ♥ NY

Statue of Liberty
Fifth Avenue
Guggenheim
Central Park
Times Square
Wall Street

Begin your exchange program with many of America's famous sights on our three-day NYC mini tour before you get immersed in your new family, school and community and your exchange program formally begins.
